ASBESTOS ABATEMENT AND DEMOLITION/RENOVATION NOTIFICATION FORM

Complete all applicable sections of the notification. Fax copies are not accepted, as the notification must be certified with an original signature. To avoid a violation by failure to report, it would be prudent to submit a notification regardless of friability of materials. This form is used to satisfy the notification requirements of the following agencies:

- PA Department of Environmental Protection
- PA Department of Labor and Industry
- Allegheny County Health Department
- City of Philadelphia Department of Public Health
- US Environmental Protection Agency

Questions relative to specific filing requirements and enforcement regulations should be directed to the governing agency. Addresses and phone numbers are provided. Do not mail original notifications to the Department of Labor and Industry.

**Special Notations:**
- All REVISIONS to a previous notification should be highlighted
- **Item #5** - Check the box that best describes the entire project
- **Item #6** - The "Job No." portion of this Item is provided for those contractors who assign a unique job # to their projects
- **Item #12** - Please provide the information in the format requested
- If additional space is needed for any descriptive text, please continue on a blank sheet, and attach

The PA DEP Central Office is no longer processing the asbestos demo/reno notification form. Do not send the notification form to the P.O. Box 8468 or the 400 Market Street, Harrisburg address. The notification submission addresses, listed below, are to be used depending on the county location of your project:

If the facility address is in Bucks, Chester, Delaware, or Montgomery Counties, send your notification information to:

PA DEP Southeast Region
Asbestos Notification
2 East Main Street
Norristown, PA 19401-4915
Telephone: 484-250-5920

If the facility address is in Carbon, Lackawanna, Lehigh, Luzerne, Monroe, Northampton, Pike, Schuylkill, Susquehanna, Wayne, or Wyoming Counties, send your notification information to:

PA DEP Northeast Region
Asbestos Notification
2 Public Square
Wilkes-Barre, PA 18701-1915
Telephone: 570-826-5547

If the facility address is in Adams, Bedford, Berks, Blair, Cumberland, Dauphin, Franklin, Fulton, Huntingdon, Juniata, Lancaster, Lebanon, Mifflin, Perry, or York Counties, send your notification information to:

PA DEP Southcentral Region
Asbestos Notification
909 Elmerton Avenue
Harrisburg, PA 17110-8200
Telephone: 717-705-4702

If the facility address is in Bradford, Cameron, Centre, Clearfield, Clinton, Columbia, Lycoming, Montour, Northumberland, Potter, Snyder, Sullivan, Tioga, or Union Counties, send your notification formation to:

PA DEP Northcentral Region
Asbestos Notification
208 West Third Street, Suite 101
Williamsport, PA 17701-6448
Telephone: 570-321-6580
If the facility address is in Armstrong, Beaver, Cambria, Fayette, Greene, Indiana, Somerset, Washington, or Westmoreland Counties, send your notification form to:

PA DEP Southwest Region
Asbestos Notification
400 Waterfront Drive
Pittsburgh, PA 15222-4745
Telephone: 412-442-5214 for Armstrong, Beaver, Greene, and Washington Counties
Telephone: 724-925-5428 for Cambria, Fayette, Indiana, Somerset, and Westmoreland Counties

If the facility address is in Butler, Clarion, Crawford, Elk, Erie, Forest, Jefferson, Lawrence, McKean, Mercer, Venango, or Warren Counties, send your notification form to:

PA DEP Northwest Region
Asbestos Notification
230 Chestnut Street
Meadville, PA 16335-3481
Telephone: 814-332-6634

For projects in Allegheny County or the City of Philadelphia, this form must be submitted to the appropriate address, directly following. Allegheny County requires two copies, the City of Philadelphia, three. If this project requires a permit application, it must be approved prior to the start of the project, and 2 copies must be included with the notification. A copy of the facility inspection survey must also be included for all demolition projects. Do not send these documents directly to Harrisburg.

Allegheny County - A permit is required if the project involves at least 250 linear feet or 160 square feet of any asbestos containing material. For Item #10, the survey must be included for demolition projects. Item #25 should be signed by the Contractor. Item #26 should be signed by the Facility Owner. Information can be obtained by calling 412-578-8133.

City of Philadelphia - A permit is required if the project involves 80 or more square feet or 40 or more linear feet of friable asbestos containing material and does not involve an exempted private residence. Information can be obtained by calling 215-685-7576.

If this project is regulated by the Asbestos NESHAP, a photocopy of this notification must be sent to EPA Region III at the address directly following. EPA’s telephone number is 215-814-2164/215-814-2135.

FOR OFFICIAL USE ONLY
ASBESTOS PROGRAM
FOR CONTRACTORS WORKING IN PENNSYLVANIA

The Pennsylvania asbestos program includes federal and state regulations to help protect the public from exposure to hazardous amounts of airborne asbestos. The following is a brief summary of the regulations. Information in this fact sheet does not supersede any federal, state or local requirements.

WHAT IS ASBESTOS?

Asbestos is a generic term used to describe a variety of natural mineral fibers. From the early 1930s until the 1970s, manufacturers added asbestos to products for strength and to provide heat insulation and fire resistance. Asbestos also resists corrosion and is a poor conductor of electricity. Because few products contained all of these properties, asbestos was widely used in the construction of homes, schools and other buildings.

HOW CAN PEOPLE BE EXPOSED TO ASBESTOS?

Most people are exposed to small amounts of asbestos in their daily lives. However, if materials containing asbestos are disturbed—for example sawed, scraped or sanded into a powder—asbestos fibers are more likely to become airborne and inhaled into the lungs.

HOW IS ASBESTOS REGULATED IN PENNSYLVANIA?

Because asbestos, in certain forms, has been determined to cause serious health problems, the Department of Environmental Protection (DEP) regulates the removal, collection, transportation and disposal of asbestos-containing materials (ACM). DEP's Air Quality Program has adopted and enforces the federal Environmental Protection Agency (EPA) 40 CFR Part 61 Subpart M, the Asbestos National Emission Standard for Hazardous Air Pollutants (NESHAP) regulations, as amended on November 20, 1990. Should a project be subject to the NESHAP regulations, a minimum 10-day notification of the project is required to be made to both EPA and DEP. The EPA and DEP do not regulate the removal of ACM from private residences unless the residence is an apartment with five or more units.

The Pennsylvania Department of Labor and Industry (L&I) enforces the Pennsylvania Asbestos Occupations Accreditation and Certification Act of 1990 (Act 194 and Act 161), which requires certification for the following asbestos occupations: contractor, inspector, management planner, project designer, supervisor and worker. L&I requires a five-day prior notification for friable asbestos on indoor projects at regulated facilities (including the EPA/DEP exempt private residence when the friable asbestos is disturbed by someone other than the homeowner). Call L&I at 717-772-3396 for more information regarding Act 194 and Act 161.

Contact the municipality where the project is located to find out if there are any local regulations.

WHAT ARE SOME IMPORTANT DEFINITIONS IN THE ASBESTOS NESHAP REGULATIONS?

- Friable ACM is material containing more than one percent asbestos that, when dry, can be crumbled, pulverized or reduced to a powder by hand pressure.

- Nonfriable ACM is material containing more than one percent asbestos that, when dry, cannot be crumbled, pulverized or reduced to a powder by hand pressure. It is divided into two categories:
  - Category I includes asbestos-containing packings, gaskets, resilient floor coverings or vinyl asbestos floor tile and asphalt roofing products.
  - Category II includes any other asbestos-containing material, except Category I nonfriable ACM, such as transite siding shingles, galbestos, concrete-type piping and other ACM concrete-type products.

- Regulated asbestos-containing materials (RACM) are: (a) friable ACM; (b) Category I nonfriable ACM that has passively become friable by water damage, fire damage or weathering; (c) Category I nonfriable ACM that will be or has been subjected to sanding, grinding, cutting, drilling or abrading; and (d) Category II nonfriable ACM that has a high probability of becoming or has become crumbled, pulverized or reduced to a powder in the course of demolition or renovation operations.

- Demolition – the wrecking or taking out of any load-supporting structural member of a facility together with any related handling operations or the intentional burning of any facility.
• Renovation — altering a facility or one or more facility components in any way, including the stripping or removal of RACM from a facility component.

• Facility — any institutional, commercial, public or industrial structure. A single residential building with four or fewer dwelling units is not a regulated facility under the NESHAP regulation unless it is part of an installation, which was previously subject to NESHAP regulations or its main use is not residential.

• Installation — a building or structure or any group of buildings or structures at a single demolition or renovation site that is under the control of the same owner or operator.

**WHAT DO I NEED TO KNOW BEFORE REMOVING ASBESTOS IN PENNSYLVANIA?**

State regulations stipulate that it is illegal for anyone to engage in any asbestos occupation (worker, supervisor, project designer, inspector, management planner or contractor) without proper certification from the L&I. These requirements, along with a five-day notification prior to the start of any abatement or demolition project where ACM is present, are outlined in Acts 194 and 161. Call the L&I at 717-772-3396 for more information regarding these requirements.

The building must be thoroughly inspected for ACM prior to any renovation or demolition. If the amount of friable ACM that will be removed is more than 250 linear feet, 160 square feet or 35 cubic feet, the project falls under the federal NESHAP regulations. This requires that a notification be postmarked or hand delivered to DEP and EPA at least 10 WORKING DAYS prior to the start of the project. All demolitions of regulated facilities, as defined above, also require a 10-day notification to DEP and EPA, regardless of the presence of asbestos.

Additional regulations exist for demolition and renovation of any building containing ACM in Philadelphia and Allegheny counties. In Philadelphia County, call 215-685-7576. In Allegheny County, call 412-578-8133. It is important to contact the appropriate office if the project is located in either of these counties.

**WHAT ARE THE PROCEDURES FOR NOTIFICATION?**

Notification for projects in Pennsylvania are submitted on the "Asbestos Abatement and Demolition/Renovation Notification" form (revised 10/2002; web form revised 11/2007). A form may be obtained by contacting the DEP asbestos office at 717-787-9257 or by contacting the nearest DEP regional office listed below. The form can also be printed from the DEP website. Instructions are provided with the form. The notice must be delivered by the U.S. Postal Service, commercial delivery service or hand delivery. **FACSIMILES ARE NOT ACCEPTABLE.**

**WHERE IS THERE MORE INFORMATION?**

To obtain copies of the NESHAP regulations, the notification form or other information, please contact the local DEP regional office:

**Southeast Regional Office** — 484-250-5920 (Bucks, Chester, Delaware, and Montgomery counties)

**Northeast Regional Office** — 570-826-2511 (Carbon, Lackawanna, Lehigh, Luzerne, Monroe, Northampton, Pike, Schuylkill, Susquehanna, Wayne, and Wyoming counties)

**South-central Regional Office** — 717-705-4702 (Adams, Bedford, Berks, Blair, Cumberland, Dauphin, Franklin, Fulton, Huntingdon, Juniata, Lancaster, Lebanon, Mifflin, Perry, and York counties)

**North-central Regional Office** — 570-327-3638 (Bradford, Cameron, Centre, Clearfield, Clinton, Columbia, Lycoming, Montour, Northumberland, Potter, Snyder, Sullivan, Tioga, and Union counties)

**Southwest Regional Office** — 412-442-4000 (Armstrong, Beaver, Cambria, Fayette, Greene, Indiana, Somerset, Washington, and Westmoreland counties)

**Northwest Regional Office** — 814-332-6940 (Butler, Clarion, Crawford, Elk, Erie, Forest, Jefferson, Lawrence, McKean, Mercer, Venango, and Warren counties)

For work done in Philadelphia County, contact Air Management Services at 215-685-7576.

For work done in Allegheny County, contact Allegheny County Health Department at 412-578-8133.
